

BES Spring 2025
Colloquium Presents

Dr. Diann Prosser

Research Biologist at USGS
Eastern Ecological Science Center

“The Changing Dynamics of Bird Flu”

Dr. Prosser will be sharing about how species respond to this changing virus including studies on telemetry, immune response and challenges to modeling disease dynamics.

Friday, February 21st
3pm
CBLS 010

Join us for happy hour after at Tower Hill Brewing!
